

NGVAmerica is the North American organization dedicated to the ongoing development of a growing, profitable, and sustainable marketplace for natural gas as a transportation fuel.

MEMBERS

The 200+ NGVAmerica member family

Member companies represent the entire value chain of the NGV industry:

- > Geologic and renewable natural gas (RNG) producers and operators
- > Station operators and developers and fuel providers
- > Equipment and service suppliers
- > Fleets
- > Original equipment manufacturers (OEMs)
- > Vehicle upfitters and modifiers
- > High horsepower application users, including rail, marine, and construction
- > Industry trade association partners and Clean Cities coalitions

ADVOCACY

Putting more NGVs on the road by:

- > Leading public policy and regulatory initiatives at the state, regional, and federal levels
- > Communicating the value of natural gas and gaseous fuels to policymakers, media, and consumers through a fact-based discussion
- > Developing common industry standards and best practices for the safety, excellence, and reliability of NGV technologies
- > Convening NGV leaders to develop strategies that encourage a strong and growing marketplace and build business-to-business relationships

MEMBER VALUE

Benefits of membership include:

- > **Seat at the Table**
Have your views heard as the industry contemplates an increasingly challenging public policy and regulatory environment
- > **One-on-One Support**
Experienced staff works directly with members to assist on issues that support your NGV-related business operations
- > **Industry Committees**
Participation in committee efforts to tackle key NGV initiatives – State and Federal Advocacy, Technology/Sustainability, Communications/Marketing, Mobile Pipelining
- > **Policy Portal**
Access to members-only comprehensive state-by-state data covering vehicles, fueling stations, taxes, incentives, grant opportunities, and legislation
- > **Market Trends & Industry Collaterals**
Access to industry information and promotional reports to assist in sales, business development, and safety practices
- > **Fueling Infrastructure Report**
Monthly report on fueling infrastructure in the U.S. that includes up-to-date lists of stations, contact information, and accessibility
- > **Business Directory**
Directory of NGVAmerica members dedicated to providing the highest quality products and services
- > **Newsletter & President's Report**
Aggregate of top NGV industry-related news items delivered weekly by email; monthly report by NGVA chief executive highlighting organization activities and key industry developments and deadlines
- > **Annual NGV Industry Summit & Networking Forums**
NGVAmerica is the convening voice of the industry and members take part in special events that bring NGV leaders together several times a year

NGVAMERICA

Natural Gas Vehicles for America

NGV America: Who We Are

NGV America is the North American trade association dedicated to the development of a growing, profitable, and sustainable market for vehicles powered by geologic and renewable natural gas. NGV America represents the full value chain of the industry including more than 200 companies, environmental groups, and governmental organizations interested in clean transportation solutions. Our member companies are those that produce, distribute and market natural gas and biomethane across North America; manufacture and service natural gas vehicles, engines, and equipment; and operate fleets powered by sustainable natural gas fuels.

NGV AMERICA
Natural Gas Vehicles for America

Why Join?

> Advocate

Protect and enhance NGVs within the collection of choice in clean transportation options

> Develop and Promote

Common safety codes and standards and industry best practices

> Educate and Communicate

Policymakers, media, and consumers on the benefits and sustainability of natural gas as a transportation fuel

> Convene

Bring industry peers, technology experts, and thought leaders and business peers together to enhance market growth and business opportunities

Membership Application
